Hello friends,

As a lifelong advocate for unionism, fairness and workers rights, I am excited to share my intention to run for Secretary/Treasurer of the Nova Scotia Federation of Labour.

I am a Union activist of 22 years with a strong financial background. My Union activism started at NSGEU where I have held various positions, including Local President, Board of Directors member and 3<sup>rd</sup> Vice President of NSGEU. Serving in these various roles has given me a broad knowledge base and skill set that I can bring to the table at the Fed.

For 20 years I worked as a Senior accounting clerk at the IWK Health Centre preparing and maintaining large scale budgets Health Centre wide. For the past 2 years I have been an IAMAW Lodge 2797 member working at the NSGEU office as an accounting clerk, maintaining committee and program budgets for NSGEU.

I have had the pleasure of serving on the NSFLs Anti-Racism Human Rights Committee for 10 years, where I am the recording secretary responsible for preparing accurate minutes and other documentation in a timely manner. I also serve as the alternate to the VP Representing Workers of Colour and Aboriginal People. I have a strong passion for the rights of all workers and will continue to work toward equity and equality for all.

If you would like to chat please contact me personally via phone or email.

I look forward to speaking with you all at Convention.

In Solidarity,

Melissa Marsman
